▪ **OUTPUT (SCREENSHOT) FOR STUDENT LEAVE WINDOW**

The screenshot shows two windows from a Java application. The main window is titled "Apply Leave (Student)" and contains the following fields:

- Search by Roll Number:** A text box containing "15334372" with a dropdown arrow.
- Date:** A text box containing "May 18, 2023" with a calendar icon.
- Time Duration:** A dropdown menu with "Half Day" selected.
- Buttons:** "Submit" (green) and "Cancel" (red).

Below the main window is a smaller "Message" dialog box with the title "Message" and a close button. It contains an information icon, the text "Leave Confirmed", and an "OK" button.

▪ OUTPUT (SCREENSHOT) FOR ENTER MARKS WINDOW

The screenshot shows a Java Swing window titled "Enter Marks of Student". It contains two dropdown menus for "Select Roll Number" (15337361) and "Select Semester" (2nd Semester). Below these are two columns: "Enter Subject" and "Enter Marks". The subjects listed are OOP (90), CA&DLD (94), Linear Algebra (89), Islamiat (85), and OHS (99). There are "Submit" and "Back" buttons at the bottom. To the right is a decorative illustration of a clipboard with a "TEST" sheet, a pencil, and an alarm clock. Below the main window is a "Message" dialog box with an information icon, the text "Marks Added Sucessfully", and an "OK" button.
